

"We are each of us
angels with only one
wing, and we can only fly
by embracing one
another"

Luciano de Crescenzo

A scenic view of a turquoise mountain lake reflecting snow-capped peaks and dense evergreen forests. The lake is the central focus, mirroring the surrounding landscape. The mountains are rugged and covered in patches of snow, with some peaks appearing to have small glaciers. The forests are dense and dark green, contrasting with the lighter tones of the mountains and the lake. The sky is a clear, pale blue. The overall atmosphere is serene and majestic.
